OLLEY'S HONEY & COFFEE IN THE RAINFOREST

Situated in the wilderness of Mt. Glorious Rainforest, Brisbane's backdoor, this relaxing, romantic and peaceful God's little acre is the Olley's created paradise perfect for a cuppa with family, friends and sweethearts.

Try our signature coffee "Café Olley prepared from organic coffee beans with our famous home made biscotti, honey scones, cakes and pancakes and you will be leaping with delight. What about our delectable "High Tea", "Asian Platter", breakfast, snacks and lunch. We guarantee that you will appreciate these home made food prepared with dedication and finesse.

Olley's Organic Honey

Olley's Honey is the largest producer of organic honey in Queensland, Australia. Central to this innovative business, are the integration of environmental protection, food safety and the goal of a healthy society. Olley's Honey offers not only its own locally produced Organic Honey, but also Beeswax and Honey Comb produced by Caucasian bred honeybees from pristine, certified organic Australian eucalypt forest sites.

Ambrosia, a "Love Potion"

Ambrosia Honey Mead or wine produced from the fermentation of honey is another

product that the Olley's are proud to offer. It is man's oldest drink and a "love potion" according to the Greek mythology. The word "honeymoon" came from the ritual of drinking honey mead.

Heavenly Organic Honey and

Beeswax Cosmetics

Honey is a natural product, which practically lasts forever. It has several uses from your cup of tea, cakes, breakfast cereal, toast, dessert, to your main meals and importantly as traditional medicine.

Beeswax is a by-product of honey, which has enormous use in the cosmetic industry. Olley's Honey has come up with a wide range of honey and beeswax everyday products made from natural and organic ingredients. Try our lip balm, silky face or body honey and beeswax creams, honey shampoo, conditioner and soap, honey scrubs, body milk and lotion.

Alluring Sampaguita Oil

Available in our shop is a vast range of 100% pure essential oils from around the world. From these "healing" oils, we prepare therapeutic massage oils, natural insect repellent, room spray and lady's perfume. We specialise in an exotic scent from the oil of "Sampaguita", a sub species of Jasmine and the national flower of the Philippines.

Craft Shop

At our uniquely designed craft shop, browse

and shop where you can find rare and beautiful things fit for home décor, gifts or everyday use. The crafts are handmade and exquisitely designed sourced from around the globe.

About Us

Olley's Honey was established in Brisbane in 1956 under the sole proprietorship of Ken Olley.

Proprietor Ken Olley can be considered as a Father of Modern Beekeeping. He has made tremendous achievements and inventions in the industry and won several awards. He was also one of the ten finalists of Queensland's 2002 Regional Achievers Awards and the recipient of Clifton 2003 Achievement Award. Joined by his wife Shirley in 1994 who is a certified environmental practitioner, together the team runs the main honey facility in Clifton at the Downs and the Coffee and Honey retail shop at Mt. Glorious.

Accreditations & Why go Organic?

The Australian Certified Organic (ACO) certifies our organic honey. Our facility and production sites are audited frequently under the ACO and AQIS guidelines, which are accredited internationally with IFOAM, JAS, USDA and SA organizations. As organic food is produced under strict guidelines with no chemicals, we can therefore be assured of eating nutritious and tastier product.
